PLAY BALL – FOR THE FUN OF IT!

It may be hard to believe, but the grassy outfields will soon be green and filled with young ball players once again! It's time to condition your glove and register in the WYBSL as we get ready for our 68th year serving our community's youth. To get started and do your part to make the most of the season, we encourage all parents to follow these five (5) easy steps:

1 Register. The easiest and most convenient way to register is on-line at www.wybsl.org. You can also attend a walk-in session on March 2, 9 or 16 at the Westerville City Building located at 64 E. Walnut Street between 10AM-1PM.

2 Volunteer. Coach or help with any of the positions we need to operate the league. No matter how much or little time you have, we have a spot and need you!

3 Listen. Sports can be an incredible part of a young person's life! Understanding and helping a young player through the streaks and slumps of a season is critical. Be there to support and remind your player why they play the game. Support your volunteer coach by listening to their expectations around being part of a team and maintain open communication with them throughout the season.

4 Lead by example. Competition can either bring out the best or worst in us. Cheer for everyone and remember - our coaches, umpires and staff are doing the best they can. Help us avoid the trend other communities are seeing regarding disrespectful treatment of officials that threatens the livelihood of youth programs.

5 Enjoy. Our partnership with the City of Westerville and Westerville City Schools afford us terrific fields and a great place for families to enjoy time together. We hope you can take advantage of everything our 2019 season has to offer and have FUN!
